welcome to Pixelhouse Group

**Bold thinking. Flawless delivery.
Tailor-made innovation.**

Pixelhouse Group unites three trusted names in event technology and production: **DBpixelhouse**, **Gravit8**, and **Aztec Event Services**.

Together, we deliver **fully integrated event and experience solutions** across the UK, Europe, and beyond.

Whether you need **cutting-edge AV**, **immersive digital experiences**, or **flawless production**, we've got the expertise, scale, and creativity to make it happen.

Our culture is what sets us apart. Clients don't just get suppliers - they get trusted partners, creative collaborators, and a team that genuinely cares about getting it right.

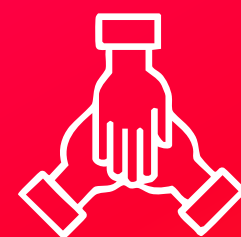

We deliver boutique service at scale, blending agility with world-class execution, innovation with practicality - **and making every experience personal.**

PixelLab innovation space - showcasing world first tech for events

Bringing ideas to life through technology

At DBpixelhouse we supply the most innovative audio-visual equipment, event networks and dynamic IT solutions to help clients engage with audiences at indoor and outdoor events around the world.

From large scale exhibitions and conferences to event networks and WiFi, we transform events by bringing creativity, innovation and technology together.

- **Audiovisual Equipment**
 - Huge LED and Interactive Inventory
 - LED Trailers
 - Media servers
 - Integration experts
 - Extensive indoor & outdoor PA
- **Event WiFi & Managed Networks**
- **DBTV – On-site filming**

We handle every technical detail so you can focus on the wow-factor - not the wires.

Digital experiences that captivate

At Gravit8, we build cutting-edge digital interactives that transform how brands engage audiences at events and experience spaces. With a powerful mix of creativity, tech, and strategy, we deliver unforgettable experiences—from object tables and tablet walls to gamification and smart data tools.

We bring not only digital expertise, but also physical and technical event knowledge. Gravit8 understands what works in a live environment, and as part of the Pixelhouse Group, we know how to make it all come together seamlessly.

- Audiovisual Equipment
- Object Tables & Tablet Walls
- Gamification & Data Capture
- AR/VR & Motion Gesture
- Animation & Storytelling
- Masters of blending physical and digital

Our solutions spark curiosity, drive interaction, and deliver measurable results—helping you boost footfall, capture insights, and truly stand out.

aztec

EVENTS THAT RUN LIKE CLOCKWORK

Aztec is a multi-award-winning technical production partner, delivering stand-out live events and exhibitions across the UK and Europe since 2006. Producing 300+ events a year for global organisers and brands. As a Tier 5 ESSA member, we lead on sustainability with full carbon reporting as standard.

- AV expertise combined with scenic design and production mastery
- Full Technical Production
- Venue Partnerships & Carbon Tracking

With our Barcelona-based operation, Aztec Spain, we're bringing our technical excellence and creativity to even more clients across Europe - with local knowledge and boots on the ground when it counts. Whether you're planning in London, Lisbon, or beyond, we've got the people, kit, and capability to deliver.

Trusted by top venues like ExCeL London and Emirates Stadium, we're the go-to team for seamless AV, creative impact, and results that matter.

our people

Our biggest advantage?
Our people.

We're not just experts in our fields -
we're invested, curious, and fiercely collaborative.

With decades of collective experience across exhibitions, live shows, retail, experience centres, and more - we understand what works **in the real world.**

And with creative technologists, live design artists, digital developers, engineers, and project leads under one group, **we make complexity feel effortless.**

what makes us different

- ④ A creative and technical powerhouse that **collaborates across disciplines**
- ④ **Scalable to your needs** – from a single activation to a multi-location roll-out
- ④ **True integration**, not just joined-up branding
- ④ Passionate experts **who go the extra mile**
- ④ **One point of contact** for seamless project management
- ④ **Faster turnaround times** thanks to in-house expertise
- ④ Cost efficiencies through **combined service offerings**
- ④ **Deep industry knowledge** from decades of combined experience
- ④ **Trusted** by top global brands and leading venues
- ④ **Insight-driven delivery** with measurable results
- ④ **Commitment to sustainability** and carbon impact reporting
- ④ Agile and committed to offering best value **tailored to customer needs**

sustainability & accreditations

We don't just talk the talk.

Across the group, we meet - **and exceed** - the highest standards.

- **Aztec is a Tier 5 ESSA member**, the gold standard for AV sustainability
- We provide **full carbon calculations as standard** for all live events
- Shared warehousing and delivery strategies **reduce carbon miles**
- **Ongoing investment** in energy-efficient tech and greener practices
- Our collective focus on sustainability means **clients benefit from a transparent, compliant, and ethical supply chain** - with no compromise on creativity or quality.
